### // Experience

With over 1 years of experience at Pixxelu Digital Technology, I'm a professional UI/UX designer. My experience includes designing business cards, letterheads, logos, flyers, websites, dashboards, and mobile apps. Among the tools I use to design for you are Adobe Illustrator, Adobe Photoshop, Canva, and My favorite Figma.

With a strong foundation in both graphic design principles and user experience methodologies, I specialize in crafting seamless digital experiences that captivate and engage users. My approach combines creativity with a deep understanding of user behavior, allowing me to conceptualize and execute designs that not only look visually stunning but also function intuitively. Leveraging the latest tools and technologies, I strive to push the boundaries of design innovation while always keeping the end user in mind. Collaborative by nature, I thrive in team environments where I can contribute my expertise and collaborate with fellow professionals to deliver exceptional results.

With a proven track record of delivering high-quality designs on time and within budget, I am committed to driving success and exceeding expectations in every project I undertake.
